PROFESSIONAL SUMMARY

Detail-oriented Computer Information Systems graduate specialized in UI/UX wireframing, prototyping, and responsive design. Fluent in English, with strong skills in design thinking and design systems. Experienced in collaborating with cross-functional technical teams to support tourism initiatives and deliver user-focused digital solutions.

EDUCATION

Bachelor of Computer Information Systems | Taibah University - Madinah, Saudi Arabia | Jan 2025

PROFESSIONAL EXPERIENCE

UI/UX Designer Intern | Madinah Region Development Authority | May 2026 - Jun 2026

- Redesigned "Rouh Al-Madinah" portal per DGA standards using RTL layout and component libraries.
- Conducted UX audit and redesigned key pages including Homepage, Destinations, and Trip Planning.
- Collaborated with cross-functional teams to deliver production-ready design handoff assets.

UI/UX Bootcamp Trainee | Tuwaiq Academy - Riyadh | Feb 2026 - Apr 2026

- Designed interfaces and built structured Design Systems (components, typography, styles) in Figma.
- Created wireframes and conducted User Research to structure user flows and address user needs.
- Applied Design Thinking and Design Sprint methodologies to ideate and validate real-world projects.

UI/UX Trainee (Cooperative Training) | Taibah Valley - Madinah | Jun 2024 - Aug 2024

- Designed interactive UI prototypes in Figma and applied UX principles to improve usability.
- Completed intensive Apple Developer Academy training program for trainers.
- Participated in organizing the Waqf Challenge hackathon.

PROJECTS

Enshedny (إنشيدني) — Accessibility App Redesign | Group Project | 2026

- Redesigned UX/UI of Enshedny to help people with disabilities discover accessible places with confidence.
- Conducted user research (interviews, surveys) and built personas and empathy maps to refine flows.

Wifaq (وفاق) — Roommate Matching & Housing App | Group Project | 2026

- Developed UX/UI for a mobile app focusing on shared housing management and roommate matching.
- Conducted competitive analysis to map user flows and design wireframes to simplify communication.

KEY SKILLS

Technical Skills: Figma | Sketch | Design Systems | Wireframing | Prototyping | Responsive Design | UML | SDLC

Hard Skills: UI/UX Principles | Accessibility Design | Usability Testing | User Research | User Journey Mapping | Design Thinking

Soft Skills: Problem-Solving | Logical Thinking | Analytical Thinking | Team Collaboration | Technical Communication | Attention to Detail
